Email: satishyadav130305@gmail.com
Mobile: +91 7607373638

Skills

- **Languages**: Python, C++, Java, SQL.
- **Machine Learning & AI:** Data Preprocessing, Feature Engineering, Supervised & Unsupervised Learning Computer Vision Convolutional Neural Network (CNN), Transformers.
- **Frameworks and Tools**: Scikit-learn, Pandas, NumPy, Hugging Face, TensorFlow, Git, GitHub.
- **Generative AI**: Retrieval-Augmented Generation, LangChain, Large Language Model (LLMs).
- **Core Concepts**: Data Structures & Algorithms, OOPS, Operating Systems, Computer Networks.
- **Soft Skills**: Problem-Solving, Team Collaboration, Adaptability.

Projects

Movie Recommendation System | GITHUB — Sep 2025 – Nov 2025

- Built a system that recommends movies based on user preferences using machine learning algorithms. Focused on personalized recommendations and improving user experience.
- Enhanced recommendation logic using similarity-based ML techniques and real-time data APIs.
- Implemented collaborative and content-based filtering techniques.
- Built an interactive dashboard for easy movie selection and recommendation.
  - **Technology:** Python, Scikit-learn, Pandas, Streamlit.

AI Research Assistant (Agentic AI using LangChain) | GITHUB — Jan 2026 – Mar 2026

- Developed an AI agent using LangChain capable of multi-step reasoning and tool usage.
- Explored integration of LLMs to generate intelligent and context-aware responses.
- Worked on prompt engineering and agent-based architectures for real-world automation.
- Focused on building scalable GenAI applications using Python.
  - **Technology:** Python, Streamlit, LangChain, Groq, Tavily, LLM APIs.

TRAINING

Data Structure And Algorithms | LPU | LINK — Jun 2025 – Jul 2025

- Gained hands-on experience in solving DSA problems in Java.
- Implemented algorithms including arrays, Linked Lists, stacks, queues, trees, graphs and sorting algorithms.
- Learned to optimize time and space complexity for problem-solving.
- Completed multiple coding challenges and mini projects to strengthen logical thinking.

Certificates

- Privacy and Security in Online Social Media | NPTEL | LINK — Dec 2025
- Build-a-Thon Hackathon | Boardinfinity | LINK — Feb 2024
- The Bits and Bytes of Computer Networking | Coursera | LINK — Sep 2024
- Introduction to Hardware and Operating Systems | LINK — Sep 2024

Achievement

- Solved over 350+ Data Structures and Algorithms problems on LeetCode, GeeksForGeeks and NeoColab improving algorithmic and analytical skills. — Since Jan 2024

Education

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; — Since Aug 2023
  CGPA: 7.93

- **SJS Public School** — Raebareli, Uttar Pradesh
  Intermediate - MPC — Apr 2020 – Mar 2021
  Percentage: 78.20%
